Note: The estimated times for the milestones in the example equate to the length of the courses where you will learn the necessary skills. Realistic timelines when working with actual clients and data scientists as a data scientist would most likely have tight deadlines, for example:

Milestone 1: 1-2 days Milestone 2: 2-3 weeks

Course 1: Foundations of Data Science

Milestone 3: 1 week Milestone 4: 1 week Milestone 5: 1-2 weeks
